Sending dick pics to kids

John, or “Nixon” as he likes to call himself has a disturbing habit of grooming children on discord to be his gay partners, we can only assume this is due to his fat and disgusting appearance in real life which would stop him from getting a real partner (even a gay one)

Sending dick pics to kids

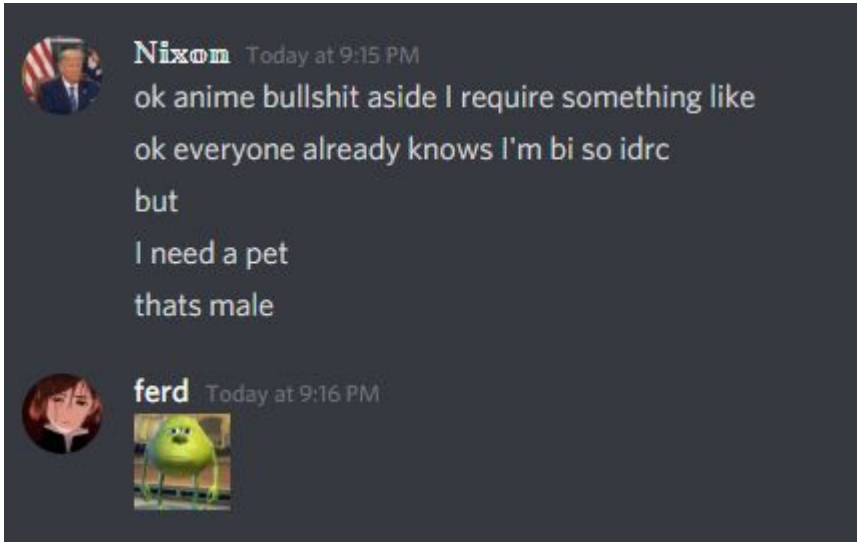

It took John a minute to show his unwashed circumcised cock to a teenager! John has abused his position as leader of the Kaddin family to use the family as his personal grooming ring for finding and taking advantage of young minors, Ferd was one of these Kaddins groomed in the family by him.

John in real life

Admitting he likes cock

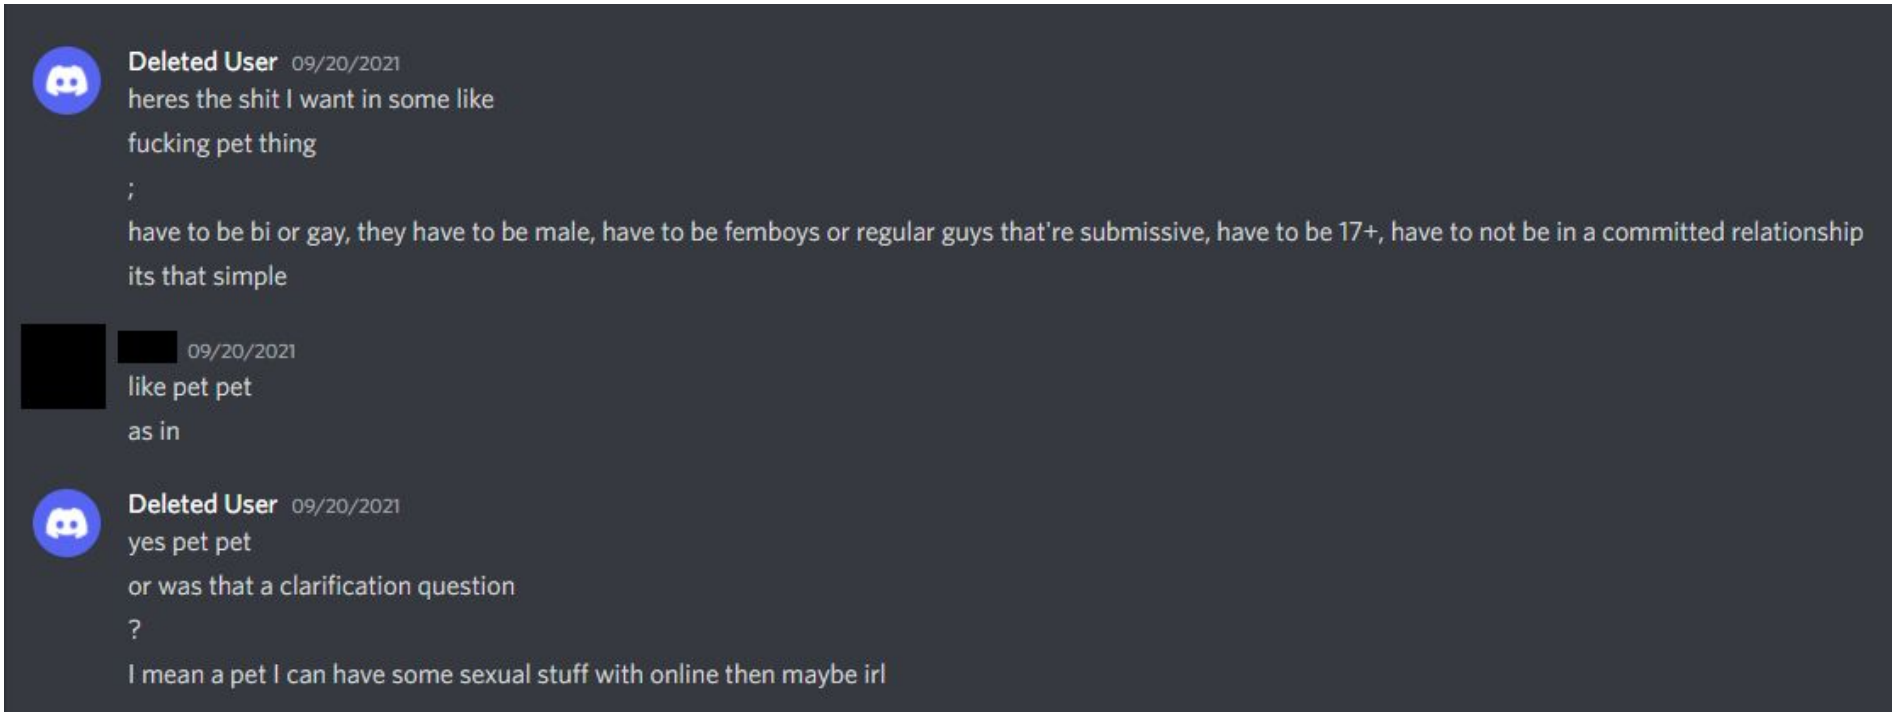

Online sex in a discord call

With all of the Kaddins he grooms to be his online sex partners, he takes out his sick urges by having online discord sex in voice calls with them, as seen in one recorded video by another child he groomed. This was with another child, “Ronni”
